CN 614-8-MS	8	9	6	8.5	1	1.9	7	12.5	2

#### technical informations

##### Body

- Acetal resin based (POM) technopolymer. Resistant to solvents, oils, greases and other chemical agents (execution KU and KD).
- Brass (execution MS).

##### Ball and spring

- Execution KU: hardened stainless steel ball, stainless steel spring.
- Execution KD: technopolymer ball, stainless steel spring.
- Execution MS: hardened stainless steel ball, stainless steel spring.

##### Working temperature

From -30°C to +50°C (for execution KU and KD).

##### Accessories

Holders for spring plungers type [CN 614.1](#) to optimise the use of CN 614 smooth ball spring plungers.

##### Application example

##### CN 614
